June 15, 2017

Dear Customer:

This is to advise you that liquid Nitrogen supplied by Praxair, Inc. meets or exceeds NF Grade, and the following minimum specifications:

Minimum purity of 99.998% by difference

Component	Specification
CO	< = 10 PPM
O2	< = 8 PPM
Odor	Is None Detected

Product is identified as nitrogen through process validation, dedicated piping, and product specific CGA connections.

Sincerely,

Barbara Wyso
